

The background is a dark, textured surface, likely black granite, with subtle variations in tone and some small, light-colored specks. The text and lines are white, providing a high contrast against the dark background.

BLACK TEAR

EXCLUSIVE GRANITES COLLECTION

BLACK TEAR

Black Tear is a homogeneous greyish-black biotite schist with brown-grey metallized shades. Its products are suitable for construction projects both commercial and domestic, prefabricated countertops/worktops, vanities, tiles, backsplashes, paving, fireplaces and memorials.
